SUMMARY

Passionate about Web Development. A Full Stack Developer skilled in **React.js, Node.js, Express.js, MongoDB, and Tailwind CSS**. Experienced in building real-world applications such as **TechXom** (tech e-commerce platform), **AniVerse** (anime discovery app), and **TripMind** (AI-integrated trip planner for individuals and families). Proficient in **API integration**, developing **clean and responsive UIs**, and writing **maintainable full-stack code** aligned with modern web standards.

EDUCATION

St. Joseph's Degree College, Hyderabad,
Bachelor of Computer Applications (BCA)

08/2023 – 06/2026

SKILLS

Full Stack Developer — **Frontend:** React.js, Tailwind CSS, HTML5, CSS3 | **Backend:** Node.js, Express.js, REST API integration | **Database:** MongoDB, Mongoose | **Languages:** JavaScript (ES6+) | **Tools & Platforms:** Git, GitHub, Postman, Vercel, Netlify, npm

PROJECTS

TechXom - Tech E-Commerce Platform 🔗

- Built a fully responsive e-commerce platform using React, Tailwind CSS, and Express.js
- Features product listing, cart management, authentication, and modern UI design

Aniverse - Anime Discovery Platform 🔗

- Smart anime platform built with React and Jikan API integration
- Users explore trending, upcoming, and top-rated anime titles
- Integrated APIs and localStorage for persistent favorites and recent searches

TripMind – An AI-Integrated Trip Planner 🔗

- Smart Trip Suggestions:** AI recommends destinations, activities, and schedules based on user preferences.
- Interactive Daily Planner:** Visualize each day of the trip with a clear itinerary view.
- Family & Group Planning:** Plan trips for families or friends with shared schedules and activities.
